Dear Grant,

Thanks so much for the excellent work you and your firm performed for The Sanderling Club's entrance and Guard house renovation. Your crew was extremely pleasant to deal with and very organized. While tearing up the front entrance is inherently inconvenient for our homeowners, your company really went the extra-mile to accommodate us and keep the projects moving along swiftly to completion.

All of The Sanderling Club members are very proud of their new Guard house. Additionally, the Club's security guards are much happier and more productive in their new surroundings.

The Sanderling Club's Board of Directors would like to express their appreciation to My Green Buildings, LLC for completing the projects on time and within budget.

Thanks again to all,
