

May 14, 2009

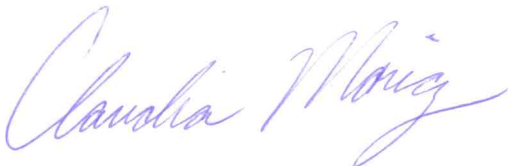

Dear Grant and Steve:

This letter is to show our sincere appreciation for the remarkable work your team has done for us in our new office at Sterling Office Park. Working with Mark Boenker has been a joy and his professionalism and dedication to us has been maintained throughout the process. We are so happy to have had an opportunity to work with you and Mark on this project.

We congratulate you on your growing business and offer our support by recommending My Green Buildings to anyone who is looking to build a commercial space. You have created a company that not only does what it promises, but over-delivers on those promises; providing excellent quality and timeliness at a very competitive cost!

It has been a pleasure. Wishing you continued success.

Sincerely,

Claudia Moricz, DDS, MS  
Orthodontists of Lakewood Ranch and Sarasota
